### Tax File Number (TFN)

Any student will need a tax file number if he/she starts work (part-time and full-time) and all students planning on a tertiary education require one when they start.

**Importantly, current Year 12 students are reminded that they cannot enrol in a CSP (Commonwealth Support Place) course at university without a Tax File Number, so it is worthwhile getting an application submitted early!**

Students must apply for a TFN online and have their identity verified through an interview at a participating Australia Post office.

Swinburne's *Bachelor of Arts* is changing, majorly from 2022.

Instead of choosing from a range of single arts subjects, the university has woven disciplines such as politics, history and sociology together into new themed majors including [Politics](#), [Power and Technology](#); [Climate and Social Justice](#); and [Ethics and Technology](#). So, students can connect their passion for a cause, to a course and a meaningful career.

Arts students will look at humanity and the complex issues the world is facing from multiple angles and look for innovative solutions. In addition, students will develop skills such as critical and creative thinking, problem solving and digital literacy – all of which are sought after in a range of industries now and in the future.

Students can choose a Bachelor of Arts in a double degree, including a new Arts double with Psychological Sciences to add depth to their chosen field or industry. A reminder too, that with Work Integrated Learning guaranteed as part of the course, students will graduate with real industry experience and ready to turn their passion into a profession.
