

### Dates to Diarise in Term 4

- Year 12 VTAC late applications – October and early November
- VTAC SEAS and Scholarship applications – due October

### Reminder: VTAC 2022 Upcoming Key Dates

Timely applications through VTAC	Thursday 30 September 2021
SEAS applications close	Friday 8 October 2021
Scholarships through VTAC close	Friday 8 October 2021

Also, students applying for courses that have **essential requirements** (i.e., submitting a folio, a pre-selection kit, arranging an interview, etc.) are reminded that failure to meet the deadline date for these means students may no longer be eligible for selection into their desired course.

Students eligible to apply for **SEAS** are also encouraged to apply for **VTAC Scholarships**.

The VTAC website is [www.vtac.edu.au](http://www.vtac.edu.au)

### Diploma of Teacher Education Preparation

*The **Diploma of Teacher Education Preparation** may be the right study choice for students with the motivation, capability and personal attributes to be a great teacher.*

The **Diploma of Teacher Education Preparation (Dip TEP)** is an accredited qualification aimed at students who do not initially meet the minimum ATAR for teaching. The course has been developed as part of the Victorian Government's Excellence in Teacher Education Reforms to ensure that disadvantage and diverse educational experiences are not a barrier to capable and committed people who want to pursue a career in teaching.

Successful completion of the Dip TEP will ensure that students graduate with the

prerequisite knowledge and skills to undertake a rigorous undergraduate teacher education course. The Dip TEP supports students to meet the literacy and numeracy standards they will need in order to graduate with a teaching qualification and supports them to meet the demands of study at a higher education level.

The course introduces them to contemporary issues in education and to teaching as a profession, including practical school-based placement.

The course is offered by a number of institutions, including [ACU](#), [RMIT](#), [Swinburne](#), and [VU Polytechnic](#).

MONASH University

### **Science Pathway to Master of Engineering**

*The Monash Bachelor of Science can be used as a pathway into graduate Engineering at Monash. If you love science and also have an interest in engineering, keep your options open and be on track to earn both a Bachelor of Science and a Master of Professional Engineering.*

New in 2022 is the option for students to undertake certain units from Monash's [Bachelor of Science](#) so that they can **fast track** their Masters studies in Engineering. In this pathway, students can choose up to four Engineering Foundation units to study as electives in the second and third year of their Science degree.

Monash offers [five engineering masters specialisations](#) and students will need to select the Engineering Foundation units that relate to the discipline/s they are interested in, and that will enable them to fast track their Masters.

In the final year of their Science degree, and provided the entry requirements are met, students can apply for graduate entry into the [Master of Professional Engineering](#). The successfully completed Engineering Foundation units can be credited to the Master of Professional Engineering and students can commence their Master's in either the start or midyear intake, and be on track to complete their Engineering Master's in 2.5 years instead of 3 years. Students should note that they will still need to undertake 420 hours of CPD even if they do the course in 2 or 2.5 years.

### **New Majors in the Bachelor of Arts Degree**

The [Bachelor of Arts](#) degree is offering *new* majors in 2022. These include –

- Climate and Social Justice
- Perspective on Globalization
- Ethics and Technology
- Politics Power and Technology
- Criminology
- Screen Studies and Popular Culture
- Indigenous Studies
- Professional and Creative Writing

## **ACAP College of Applied Psychology**

*What triggers someone to commit crime and defy societal standards? Study criminology to understand the motivations, patterns and contributing factors relating to criminal behaviour.*

**ACAP College of Applied Psychology** is a private college that offers a **Bachelor of Criminology and Justice** degree.

The Bachelor of Criminology and Justice covers a broad range of topics, such as *criminology, criminal psychology, criminal law and procedure, law enforcement, corrections, and justice* related issues. In this course students receive a comprehensive, theoretical education in each of these areas – from learning why people commit crimes to understanding the importance of ethics and legal processes.

Visit [ACAP - Bachelor of Criminology and Justice](#) to find out more.

## **Career as a Podiatrist**

The [Your Career](#) website states that Podiatrists *prevent, diagnose, and treat disorders of the feet*. On any given day, a Podiatrist will be –

- examining patients' feet to determine the nature and extent of conditions, deformities, and injuries
- examining and treating foot disabilities caused by diseases such as diabetes, peripheral vascular disorders, rheumatoid arthritis and other neuropathies
- prescribing and arranging the fabrication of footwear to correct foot abnormalities
- performing minor surgery to remove and improve abnormal conditions
- prescribing and fitting replaceable pads, palliative and functional supports and other devices for the protection and correction of foot abnormalities
- advising patients about continued treatment and foot care
- may provide rehabilitation services to the physically handicapped
- may refer patients to or have patients referred from Medical Practitioners.

According to the [Good Careers Guide](#), Podiatrists may develop a special interest in dealing with particular client groups, such as children, the aged or sportspeople. They may also work in a particular area, such as occupational health, or with general medical conditions that result in foot and leg problems. This highly-skilled specialisation within the allied health sector is in high demand and there is strong growth.

**The only university in Victoria offering an undergraduate qualification in podiatry is La Trobe University – [Bachelor of Podiatry \(Honours\)](#).**

## Teaching Degrees – Early Childhood in Victoria in 2021

Unless otherwise indicated\* Early Childhood undergraduate teaching degrees all have the same VCE prerequisites: Units 1 and 2: satisfactory completion in two units (any study combination) of General Mathematics or Maths: Mathematical Methods or Units 3 and 4: any Mathematics; and a study score of at least 30 in English (EAL) or at least 25 in English other than EAL. Unless otherwise stated, these degrees are also 4-year degrees.

## Snapshot of the University of Adelaide in 2021

- The University of Adelaide is amongst the world's top 1% of universities and the top university in South Australia – [World Rankings](#)
- The University of Adelaide is a member of the [Group of Eight](#), a coalition of Australia's leading universities
- The University has four [campuses](#); three in South Australia at North Terrace, Waite and Roseworthy and one in Melbourne
- The [Melbourne campus](#) offers two bachelor degrees for international students. They are: [Bachelor of Commerce](#) and [Bachelor of Information Technology](#)
- The university has a number of [international partnerships](#) and regularly has international guest speakers presenting at the university
- The university has five [faculties](#) each with a number of schools and disciplines
- The University of Adelaide offers undergraduate and graduate [courses](#) and the [Bachelor of Medicine and Bachelor of Surgery](#) is also offered
- Other Faculty of Health and Medical courses offered are -
  - [Bachelor of Dental Surgery](#)
  - [Bachelor of Health and Medical Sciences](#)
  - [Bachelor of Health and Medical Sciences \(Advanced\)](#)
  - [Bachelor of Nursing](#)
  - [Bachelor of Oral Health](#)
  - [Bachelor of Psychological Science](#)
- The university has a vibrant and diverse [volunteer](#) community, with volunteering and community service regarded by the university as an important enrichment activity
- The University of Adelaide offers a wide range of [scholarships](#) ranging in value
- The University of Adelaide students have access to an impressive portfolio of University-managed student [accommodation](#) options
- [Study Overseas](#) supports students completing part of their degree overseas, with offerings including exchange programs, study tours, study abroad, practical experiences, and onshore programs to develop students' intercultural awareness
