

HIGHVALE SECONDARY COLLEGE

BUSES

The College uses Ventura buses for transporting students to and from school. In using this service students and parents are reminded of the need for a MYKI card and for appropriate behaviour when travelling on the school buses. It is a privilege – not a right – to travel on the buses, therefore any student who abuses the rights of others travelling on the bus, or acts in a manner to potentially cause danger to the bus, occupants, other transport or pedestrians, will be banned from travelling on any school bus.

Should the **BUSES** be running late, students are to sign for a “**Late Pass**” at the Compass kiosk in the General Office before proceeding to class. There is no penalty attached to this lateness. If a student misses the bus because the **STUDENT** is running late, a normal late pass must be obtained before proceeding to class. This can carry a penalty towards a detention.

This timetable is correct at time of printing. For further details, please contact Ventura on 9771 4300.
