

Dates to Diarise in Term 2

• Law Week – 13 to 19 May 2019, various locations

FINAL REMINDER: Entry to Medicine in 2020

Year 12 students planning to apply for any of the **medical university courses** listed at <u>UCAT - University Courses</u>, are reminded that registrations <u>and</u> scheduling of the test date for the <u>UCAT (University Clinical Aptitude Test)</u> close on **FRIDAY 17 May 2019**. Please note that both aspects of the process must be met; students should register and schedule their UCAT. The testing dates will be from 1 July – 31 July 2019.

News from Deakin University

DeakInspire 2019

DeakInspire will unleash ideas to transform your way of thinking. Aimed at Year 10, 11 and 12 students, it's designed to empower you to reach your potential and inspire you with exciting ideas of how your future could look. Be there to hear inspirational stories and connect with meaningful experiences – be there to discover the future you.

This one-day conference style *free* event aims to inspire and empower students to achieve their future goals and ambitions at Deakin. The day will be filled with a mix of interactive course exploration and engaging guest speakers. Lunch and entertainment will be included.

Arts and Education Information Sessions and Events

The Faculty of Arts and Education is holding a number of valuable information sessions and events throughout the year. Students are encouraged to attend a session or event that they have an interest in, discover where an arts and education degree can take them, and prepare them for the jobs of the future. Sessions at the Burwood Campus include:

Bachelor of Arts course and Career Information Session	Thursday 13 June	5.30pm – 6.00pm
Criminology Information Session	Thursday 13 June	6.00pm – 6.30pm
Teaching Information Session	Wednesday 10 July or Tuesday 17 September	5.30pm – 6.30pm
Creative Arts and Design Information Evening	Thursday 19 September	5.30pm – 7.00pm

To learn about all events at other campuses too, visit Arts and Education Info Sessions

News from Swinburne University

Bachelor of Innovation and Design

The **Bachelor of Innovation and Design** teaches students innovative and design thinking. It builds on the increasing importance on design in business strategy – from products and communications to physical spaces. Students learn how design is an enabler for innovation and a catalyst for social, cultural, and economic transformation. Students also get to gain an insight into the principles and theories of design in a business and innovation management context, and discover the relationship between innovation, design, entrepreneurship, and creativity.

Graduates of this course often find careers in the following fields: research and development; new product development; brand management; design management.

Find out more at **Bachelor of Innovation and Design**

Studying Neuroscience at Swinburne

Knowing how the brain works is vital to understanding behaviours and actions. Neuroscience is an opportunity to gain the knowledge and skills to scientifically understand the functions of the human brain and nervous system. Future careers can be found in a range of health- and science-related environments.

Swinburne University offers the study of **neuroscience** through a number of courses, including the following:

- Bachelor of Health Science (Professional) with a major in neuroscience
- Bachelor of Health Science with a major in neuroscience
- Bachelor of Health Science (Honours)
- Master of Health Science (Research)
- Doctor of Philosophy Health Sciences

To find out more, visit Studying Neuroscience at Swinburne University

Bachelor of Engineering Practice (Honours)

Students will join a simulated engineering practice from day one, work as engineers in teams on industry projects and will be supported by engineering mentors throughout the entire course.

Swinburne introduced the *Bachelor of Engineering Practice (Honours)* degree in 2018. This course offers an alternative to the traditional teaching and assessment approaches in engineering. For four years, students undertake real-world projects in collaborative teams, working as Associates with the Swinburne Engineering Practice Academy – an on-campus engineering consultancy. In a departure from traditional lecture- and tutorial-style learning, Associates learn by doing with the support of online learning modules. Immersed in a professional practice environment, Associates quickly develop the mind-sets required for professional success – agility, accountability, confidence and resilience – leading to strong employment outcomes.

It has been co-designed with multiple industry partners to ensure that future graduates will be well-prepared to go into an existing company or create their own. Entry to the degree is based on submission of a written submission and an interview, rather than ATAR results, and assessment is based on individual performance in each project and progress towards self-defined learning goals, rather than on exams. The degree runs alongside the existing Bachelor of Engineering (Honours), and conforms to the requirements for accreditation by Engineers Australia and students graduate as engineers.

Students should note that the VCE prerequisite subjects are:

- VCE Units 3 and 4: a minimum study score of 25 in any English or 30 in English as Alternate Language (EAL) or equivalent
- VCE Units 3 and 4: a minimum study score of 20 in any Mathematics

Find out more at Bachelor of Engineering Practice (Honours)

Snapshot of the University of Tasmania (UTAS) in 2019

- The University of Tasmania is ranked in the top 350 universities in the world, and is one of Australia's premier universities for teaching excellence
- The University has 38,000 students of which 6,500 are international students from 100 nations
- The university is also ranked as a world leader in research Why UTAS?
- UTAS has <u>campuses</u> within the three main regions of Tasmania Hobart in the south, Launceston in the north and Burnie in the north-west In 2006 the University expanded, establishing two campuses in Sydney – Darlinghurst and Rozelle
- UTAS has a number of colleges
 - o College of Arts, Law and Education
 - College of Health and Medicine
 - o College of Sciences and Engineering
 - o <u>Tasmanian School of Business and Economics</u>
- The university has three main specialist institutes
 - Australian Maritime College (AMC)
 - o <u>Institute for Marine & Antarctic Studies (IMAS)</u>
 - o Menzies Institute for Medical Research
- UTAS offers specialised courses in <u>marine and Antarctic studies</u>, and <u>maritime</u> <u>studies</u>
- The University of Tasmania also offers in Medicine, Biotechnology, Laboratory Medicine and Medical Research - Medicine and Medical Research
- There are many undergraduate and post-graduate <u>courses</u> offered at the University of Tasmania
- UTAS has numerous industry partners where students can participate in Professional Experience Placements
- The University of Tasmania's generous <u>Scholarships and Prizes</u> program encompasses state, national and international sponsored programs for domestic and international students
- The University of Tasmania has exchange agreements with a number of universities across the world - <u>Types of Exchange Programs</u> and <u>Exchange Partner</u> <u>Institutions</u>
- UTAS offers a range of accommodation options to students
